PROFESSIONAL SUMMARY

To succeed in an environment of growth and excellence and earn a job which provides me satisfaction and self-development and help me to achieve organizational goals. I am willing to learn and looking forward to this opportunity to put my knowledge and expertise into practice while also helping the operations of the organization. I will do my absolute best and I am confident that I can make a good impact in this field.

WORK EXPERIENCE

Internship

Web Developer Intern – 8Con Academy

April 2025 – May 2025

- Assisted in developing and designing web applications.
 - Applied frontend development skills in real-world projects.
 - Gained experience working in a collaborative development environment.
-

RELEVANT PROJECTS

IMMACULEARN – Academic Collaboration System (Thesis Project)

- Developed a web-based academic platform similar to Google Classroom for managing tasks, announcements, and student-teacher interaction.
- Built the front-end using React to create a responsive and dynamic user interface.
- Focused on improving collaboration, organization, and timely submission of academic activities.

ZOOOGLE- Animal Search Engine

- Developed a Google-inspired search interface focused on animal information with a clean and intuitive design.

- Designed and implemented a fully responsive front-end to ensure smooth user experience across desktop and mobile devices.
- Enhanced usability by creating a user-friendly layout, search bar functionality, and engaging UI elements.

LOTTONG PINOY – Minute-Lotto Web App

- Created a web-based lottery simulation that generates random numbers for quick play.
- Built using JavaScript, HTML, and CSS with a responsive design.
- Designed as a Single Page Application (SPA) for smooth and fast interaction.

PORTFOLIO

- Built a personal portfolio website to display my projects and skills
- Created a clean and responsive design that works on both desktop and mobile
- Added sections for project information, contact details, and links to my repositories
